

Ricardo Luis Zuluaga Salazar

Senior Software Architect / Solutions Architect · AI, Backend & Distributed Systems

Medellín, Colombia · Remote (CET overlap) · ricki5789@gmail.com · +57 300 000 0000 · <https://ricardozuluaga.medellinweb.co> · [linkedin.com/in/ricardo-luis-zuluaga-salazar-974276103](https://www.linkedin.com/in/ricardo-luis-zuluaga-salazar-974276103) · github.com/tu-usuario

Solutions architect with 10+ years and 12+ production systems. End-to-end owner of Sígueme 4 (satellite telematics, 100+ licences, still live). AWS, government integrations and B2B banking/telco/retail. Today: agentic architectures (Nova: 29 agents, RAG, observability), PropTech (Auge Urbano), LegalTech (LEXIA) and Woo commerce. Ownership: architecture → build → deploy → metrics.

EXPERIENCE

Senior Full Stack Developer & Solutions Architect — Medellín Web Soluciones

January 2026 – Present

Remote — Medellín, Colombia

- Design and delivery of applied-AI platforms and business systems for Colombia and Spain: architecture, implementation, deployment and operations.
- Nova (lab / orchestration): CrewAI on FastAPI — CEO + 5 divisions + 29 specialists; live SSE, 3D graph, local Ollama, Langfuse, MCP/Composio; 2,749 RAG chunks and 11-subsystem HUD.
- Auge Urbano (augeurbano.com): production Flask PropTech — 159 routes, 45 MySQL tables, CRM, 2 role-distinct AI agents, SEO/AEO/GEO, Bold.
- LEXIA (lexia.medellinweb.co): Legal Intelligence OS — FastAPI + Streamlit + Dash, source-citing RAG, Docker, marketplace and billing.
- MWS AI: SaaS WordPress plugin for WooCommerce 24/7 with live inventory RAG, JWT, WebSockets and human handoff (Growth/Enterprise plans).
- Omnichannel + Woo Colombia: Dropi radar, scoring, HITL panel, Woo publish; Django LMS (Bold+PayPal, RAG tutor); Django CRM (SECOF + finance); reusable pagos_bold library.
- Recurring infra: Docker, Nginx+TLS, VPS/Linux, PostgreSQL/MySQL/pgvector, observability and anti prompt-injection guardrails.

Senior Full Stack Developer — Feeling Company S.A.S.

Nov 2021 – 22 Jun 2026 (FS Nov 2021–Jun 2022; Senior Jun 2022–Jun 2026)

Colombia (remote / hybrid)

- B2B systems and national campaigns for Bancolombia, Comfama, Tigo, Nutresa, Noel, Rica, Cunit, Renault and Argos — fixed launches, zero downtime under peaks.
- Warehouse/events CRM in Python: materials inventory, activation logistics and agency ops.
- LEED / B2B Bancolombia–Comfama; budgets and contracts (Tigo in Python; Comfama in Laravel).
- DUX: nationwide prizes with packaging codes, validation and winners.
- Navidad Noel: PHP + JS with 3D animations, mini-games and merch sales at national scale.
- Renault Test Drive (Laravel): leads + scheduling. Cunit and Argos: custom WordPress.
- Stack: Python, Laravel/PHP, WordPress, MySQL, JavaScript, jQuery, Node.js, Linux.

Senior Full Stack Developer — Sígueme 4 & Systram — Carga Control

May 2016 – March 2023

Medellín / Itagüí, Colombia

- Sole end-to-end owner of Sígueme 4 (fleet satellite telematics): architecture, backend, frontend, data and deploy.
- 100+ contractual licences at launch; still used by transport companies in Colombia.
- AWS: EC2, RDS (replicas), S3, SNS, SES. Multi-GPS unification; geofencing and deviation/risk alerts.
- Ministry of Transport web services: 15+ automated processes (Systram, Sígueme, Seway).
- LTSA (Grupo Éxito): SAP APIs + custom features. Systram transport CRM: full stack.
- Stack: .NET/C#, LAMP/PHP, SQL Server, MySQL. HA and SPOF removal.

SELECTED PROJECTS

Auge Urbano — PropTech + CRM + 2 agentes IA augeurbano.com

Production real-estate platform: catalogue, commercial CRM, partner/scout portals, finance and 2 AI agents (web advisor + panel copilot with function calling). 159 Flask routes, 45 MySQL 8 tables, ~43k LOC, SEO/AEO/GEO, Bold, anti prompt-injection guards. WebP pipeline –88% weight.

Python Flask MySQL SQLite OpenAI Gemini GA4 Data API Bold Docker pytest Nginx

Nova — Orquestación multiagente (laboratorio) ricardozuluaga.medellinweb.co/es/laboratorio

Operational AI network: CEO + 5 divisions + 29 specialists. FastAPI, CrewAI, 3D graph, SSE, Ollama/LiteLLM, Langfuse, ChromaDB/pgvector, Whisper, edge-tts, OpenCV/YOLO, Composio/MCP. Companion: real-estate lead agent with scoring.

Python FastAPI CrewAI LangChain Ollama LiteLLM Langfuse ChromaDB pgvector Composio MCP Three.js Docker

LEXIA — Legal Intelligence OS lexia.medellinweb.co

Multi-branch legal OS in production: FastAPI API + Streamlit OS + Dash analytics. RAG with mandatory source citation. Client↔lawyer marketplace, GTM tools, Wompi/trial billing. Python-only, demo seed, Docker.

Python FastAPI Streamlit Dash RAG Docker Wompi

MWS AI — Agente WooCommerce SaaS

WP plugin + SaaS backend: 24/7 sales/support with RAG over live stock/sizes/prices, storefront widget, human handoff, JWT/WebSockets, Growth/Enterprise licences (US/Spain agencies).

WordPress PHP FastAPI SQLAlchemy PostgreSQL + pgvector OpenAI JWT WebSockets WooCommerce

Omnicanal + WooCommerce Colombia

Hybrid own-stock + dropship brain: Dropi radar worker, scoring, HITL Jinja/HTMX panel, FastAPI catalogue API, Woo publish. woo-store-co store; Tecnopets vertical.

FastAPI PostgreSQL Redis HTMX WooCommerce REST OpenAI Docker

LMS Claude Architect — curso + pagos

Bilingual Django ES/EN: guest checkout Bold+PayPal (idempotent webhooks), 12-month entitlement, HTMX lessons, RAG AI tutor with rate-limit/cache, 100-question exam, Fast-Track/Mentoring/B2B plans, SEO/GEO/AEO.

Django HTMX PostgreSQL Bold PayPal RAG Tailwind WhiteNoise

CRM operativo MWS + finanzas

Custom Django admin: funnel with KPIs, SECOP II import, scraper/SERP prospects + AI, temperature/territory/probability, quotes, convert-to-client, finance (income/expense/cashflow) in the same hub.

Django Python SECOP MySQL/PostgreSQL IA

pagos_bold — librería Python reusable

Bold payments SDK (third-party, not affiliated with Bold SAS): CheckoutService, IntegrationHealth, bold-console, webhooks/signing, Docker VPS deploy. Plugged into Auge, LMS and other products.

Python Bold Docker Webhooks

Sígueme 4 — telemetría satelital (Carga Control)

Fleet platform: 100+ licences, GPS unification, geofencing, AWS (EC2/RDS/S3/SNS/SES), 15+ Ministry of Transport processes, SAP for LTSA/Grupo Éxito.

.NET/C# PHP/LAMP SQL Server MySQL AWS SAP Web services

NOVA OS LAB

- Orchestration: 5 areas, 29 roles, 35 graph nodes; live execution timeline (SSE).
- Architecture: 13 system topologies documented in-product and versioned in git.
- Cost: ~12.2M tokens and 296 crew calls ≈ USD 29.90 (14-provider cascade + local Ollama).
- Knowledge: 2,749 chunks (nova_knowledge), 6 domain packs, 159 first-party docs; RAG validation.
- Health: 11-subsystem HUD (LLM, STT/TTS, vision, YOLO, toolkits, automations).
- Catalog: 202 MIT open-source profiles across 17 areas mapped to Nova roles.

TECH STACK

Frontend	TypeScript · React 19 · Next.js (App Router) · Tailwind CSS · Framer Motion · HTMX · Alpine · JavaScript · jQuery · Three.js · Streamlit · Dash
Backend	Python · FastAPI · Flask · Django · Laravel · Node.js · .NET / C# · PHP (LAMP, WordPress) · APIs REST · Gunicorn
Data	PostgreSQL · MySQL 8 · SQL Server · pgvector · ChromaDB · Prisma · Redis · SQLite · SQLAlchemy
Cloud & infrastructure	AWS (EC2, RDS, S3, SNS, SES) · Docker · Docker Compose · Nginx + TLS · VPS/Linux · WhiteNoise · Git
AI	OpenAI · Google Gemini · Anthropic · RAG / embeddings · CrewAI · LangChain · MCP · Ollama / LiteLLM · Langfuse · Whisper · edge-tts · OpenCV / YOLO · n8n · Composio
Integrations & payments	SAP · GPS / telemetría · Ministerio de Transporte · WooCommerce · Bold · PayPal · Wompi · Google Workspace · GA4 Data API · SECOP · IndexNow
Practices	Arquitectura por capas · Microservicios / HA · Observabilidad · HITL · Geocercas · SEO técnico / AEO / GEO · Guardrails / anti prompt-injection · pytest

CERTIFICATIONS

AI for Work Course — Platzi	Sep 2023
Basic Python Course — Platzi	Mar 2023
SEO for E-commerce — Platzi	Mar 2023

EDUCATION

Universidad de Medellín — studies (no degree) · Self-taught in production	2011 – 2017
2011–2017. Left university; learned from official docs. Credential: 10+ years in production and enterprise clients (banking, telco, retail, logistics, PropTech).
